*Justice for All* is New Hampshire's first film about how our courts can work with military veterans and families to meet their unique circumstances. Through interviews with a veteran and his wife, you will learn how a "Veterans Track" challenged him to get the help he needed and supported them on their road to recovery. A panel-led discussion on the challenges of veterans involved in the justice system follows the film. Please join us!

### *Our Guest Panelists Include:*

*Dan Bricker, Reentry and Veteran Justice Outreach Officer, Manchester VA Medical Center*

*Lara Saffo, Grafton County Attorney*

*Rob Wilson, Veteran and "Veterans Track" participant with his service dog, Axl*

Presented in partnership with the NH Justice Involved Veterans Task Force, VETFLIX, The Manchester VA Medical Center Veterans Justice Outreach Program and the NH Department of Health and Human Services.
